OTHER:
I am Tom McKay, and I’m running for re-election to the
Alaska Legislature. I arrived in Alaska in 1980 as a
Petroleum Engineer, and have worked in the oil industry
since. As such, I will contribute to the present and future
growth of our state as a member of the Alaska Legislature.
I ask for your vote.

STATEMENT:
Through my work and career in the oil industry, I know
both ends of the resource development sector, and
understand what it will take for resource development to
flourish in Alaska, to continue to provide jobs and revenue
for the state, and to maintain a high standard of living for
Alaskans. Simply stated, I believe that we cannot thrive
as a state unless we put the politics aside, and focus on
the economics of energy and resource wealth production
in the private sector.

We must let our resources lead the way forward, live
within our means, and tackle fiscal irresponsibility. I am
dedicated to the free enterprise principles that have
worked so well for our state and nation. I won’t trade
those principles for a bigger chair in Juneau. My values
and principles will never be for sale. I am loyal to my
voters, and always intend to do in Juneau what I say I will
do on the campaign trail.

We need to get back to the fundamentals that made
America and Alaska great. The Federal Government is
making this journey more difficult every day. We must
fight for the right to responsibly develop our resources as
promised in the Alaska Statehood Compact.

I humbly ask you to join me in this pro-growth, pro-
freedom, pro private sector campaign so we can make
significant positive change in Alaska, together. I would
appreciate your vote in the Primary Election on August
16th, and in the General Election on November 8th.
